419 Main Street, Suite 218  
Placerville, CA 95667, USA

**SUBJECT: Letter of Commendation for Asbestos Barrier System®**

Dear Greg:

Saybr Contractors, Inc. is pleased to provide this commendation letter for the Asbestos Barrier System®. Since 2008, Saybr has installed the ABS® system at more than fourteen facilities for customers located throughout the Pacific Northwest.

From postal facilities to administrative offices, the ABS® system has provided our customers with a cost-effective, safe solution for eliminating exposure to asbestos hazards without having to pay for expensive abatement.

In addition, our customers have been pleased with the installation process, which requires minimal facility shut-down time, returning the facility to work in hours, rather than weeks and have been very satisfied with the final product.

Saybr will continue to recommend the ABS® system as an outstanding alternative to abatement for our customer's asbestos-containing floors.

Sincerely,

**SAYBR CONTRACTORS, INC.**
